

LED Conversion Kit

Save Big with Quick Switch

With Spring City's LED conversion kit, you can upgrade to LED without compromising your luminaire performance. You save not only money, but also energy and materials!

The simple conversion takes just 10 minutes and requires no special tools. Best of all, it gives you an LED system that:

- Meets foot-candle requirements
- Cuts energy use up to 70%
- Lasts well over 75,000-hours
- Comes with a CoolCast™ heat-dissipating roof, a CROSSFIRE™ optical system, and a 10-year warranty
- Is ARRA-compliant and LEED-certified
- And like everything else we produce, they're made in America.

The Washington fixture (pictured here) is just one of many luminaires included in Spring City's wide range of LED conversion kit offerings. We can also upgrade non-Spring City luminaires with our LED conversion kit.

View our video demonstration at www.springcity.com/media or request a demonstration today by calling 610-948-4000.
