

# SOLID TOP X SERIES

## WHAT IS THE SOLID TOP X SERIES?

The Solid Top X Series acorn is the newest addition to the popular Spring City's LED acorn offering. The market has asked and we've listened. The Solid Top offers similar delivered foot-candles and uniformity of the Open Top X series product while reducing the upward lumens and adding a little splash of color!

## ADVANTAGES OF THE SOLID TOP X SERIES?

- Sets industry standard for spacing to mounting height ratio.
- Higher performing LED System increases pole spacing reducing your overall costs.
- Long life and low maintenance.
- Comfortable house side appearance, limiting light trespass.
- Adaptive controls ready.
